We think 3 on 3 basketball is awesome for skill development at all age levels because...

- ◆ You get MORE touches on the ball (you're only sharing it with 3 players instead of 5). Six passes is an average possession in 3 on 3, meaning each player will have the ball at least TWICE every possession.
- ◆ You have more space to try new moves and practice new skills.
- ◆ Your defensive footwork and agility gets challenged because you have to cover more distance with fewer players on the court.
- ◆ You IMPROVE passing, dribbling, shooting, cutting, spacing, rebounding and defense.
- ◆ All players have equal opportunity to make plays and help their team win.
- ◆ Recreation Program Coordinator: Lyndsey Younger
